

HEPQAR ANNUAL MEETING

March 22nd-23rd, 2018

Nuffield Department of Medicine Research Building - University of Oxford, United Kingdom

Thursday 22nd March, 2018

- 14.00-14.15** **Introduction**
Robert Thimme - Universitätsklinikum Freiburg, Germany
Jane McKeating - University of Oxford, UK
- 14.15-15.00** **WP1 "Genetic screening to identify deregulated host and tumoural pathways in HCC with different co-morbidities"**
Josep M Llovet and Roser Pinyol - Consorci Institut d'Investigacions Biomèdiques
August Pi I Sunyer - Hospital Clínic Barcelona, Spain
- 15.00-15.30** **WP2 "Lipidomic analysis of HCC with different co-morbidities/gender"**
Michael Wakelam - The Babraham Institute, UK
- 15.30-16.00** *Coffee break*
- 16.00-17.15** **WP3 "Viral co-morbidities on HCC disease pathways"**
Jane McKeating - University of Oxford, UK
Ulrike Protzer - Helmholtz Zentrum München, Germany
Massimo Levrero, Thomas Baumert, Joachim Lupberger - Institut National de la Santé et de la Recherche Médicale, France
- 18.15** *Networking dinner*

Friday 23rd March, 2018

- 09.00-10.00** **WP4 "Immune pathways contributing to HCC progression and control"**
Mathias Heikenwälder - Deutsches Krebsforschungszentrum, Germany
Robert Thimme - Universitätsklinikum Freiburg, Germany
- 10.00-10.45** **WP5 "Validation of HCC disease pathways and their relevance to co-morbidities and response to therapy"**
Peter Schirmacher - Universitätsklinikum Heidelberg, Germany
Stephanie Rössler - Universitätsklinikum Heidelberg, Germany
- 10.45-11.15** **WP6 "Management, review and assessment" and WP7 "Dissemination, communication and exploitation activities"**
Paola Cesaroni - ALTA Ricerca e Sviluppo in Biotecnologie Srlu, Italy
- 11.15-11.45** *Coffee break*
- 11.45-12.30** **Comments from the Scientific Advisory Committee and Ethical Committee and general discussion**
- 12.30-13.30** *Lunch and end of meeting*
